

After Macalester

Danai Gurira, class of 2001

The Theater and Dance Department is enormously proud of our alumni. They are professional actors, choreographers, dancers, designers, directors, playwrights, producers, scholars, screenwriters, and arts teachers leading distinguished careers in major cities of the United States and around the world.

It is especially rewarding for us that Theater and Dance students have easy access to alumni's work at major performance venues in the Twin Cities. In turn, our alumni enjoy meeting current students, and are generous with their time and their own networking capabilities. They stay connected to Macalester and often return as guest artists to our campus.
